CHAIRMAN'S UPDATE

2016 was a good year for the Town of Grand Rapids. We were able to stay under budget, ending the year with \$669,965.00 cash on hand. We strive to keep \$500,000 on hand at the start of every year to support operations until taxes and other state payments are received. Some of the cash on hand balance is projected to be used to support the 2017 budget.

Grand Rapids was recognized by SafeWise.com as being the 12th safest city in Wisconsin. We have ranked in the top twenty safest cities for the last four years.

Road projects for 2016 were the rebuild of ½ of Lake Avenue; and also short portions of Auburn Avenue, 47th St., and 31st St. S. This year's proposed project will be the remaining portion of Lake Avenue, from 23rd St. to 32nd St. As of this writing, the project still needs Board approval to continue.

We still have one payment left for the Townline Road project loan, due in 2018.

Being re-elected this spring, I will again be your Chairman. Re-elected for two year terms as Supervisors were Patty Lumby and Dan Paulsen.

If you have concerns, please free to contact our office at 715-424-1821, or myself at my home or town cell phone.

The Grand Rapids First Responders were called out 244 times. The First responder program has become a very important part of the services that the fire department offers to the citizens of the area. When the first responders are called out, we provide additional manpower to assist United Emergency Ambulance Service.

The department always welcomes anyone who is interested in serving as a Firefighter or Medical First Responder to stop in and see what is involved in becoming a member of our department and serving your community. We have a great department and hope for your continued support. We also look forward to seeing all of you at our Firefighter's Celebration in June. Have a safe and enjoyable summer.

HOME EMERGENCY LOCATION PROGRAM

9584 48TH Street

WE CAN'T HELP YOU IF WE CAN'T FIND YOU

The Grand Rapids Volunteer Fire Department is working to improve the efficiency of emergency response in your area. In the case of an emergency, a rapid response can be critical to ensure the safety of life and property. Too often time is lost locating a residence in need of help. Due to the difficulty of reading address signs because of darkness or inconsistent placement of these signs, your fire department is offering reflective signs to be placed as visibly as possible near the entrance of your property. The difference in saving lives and property may be the proper identification of your address. The Fire Department members will be going door to door with information and order blanks, but if you want to order your sign before they are able to get to your neighborhood please stop at or call the Municipal Building (715)424-1821 or the Fire Station (715)424-1815 for more information.

LETTER FROM THE POLICE CHIEF'S DESK:

P O L I C E : D E C I S I O N : D E P A R T M E N T

Personnel on the Grand Rapids Police Department had some changes over the last year. Full time Officer Arendt resigned to accept a deputy position with the Wood County Sheriff's Department. Part time Officer Mike Bessette retired and Part time Officer Frank Blader resigned because of his military commitments. Officer Seth Thome and Officer Robert Krummel joined our full time ranks. One new part-time officer was added in 2016; Officer James Jaworski. He filled the part-time position created when Officer Arendt resigned and we moved our part time officers over to full time positions. We look forward to serving and working with all residents of the Town of Grand Rapids in 2017.

The Grand Rapids Auxiliary is always looking for and recruiting highly motivated individuals to join this dedicated group. If you know of someone that is interested in joining the Grand Rapids Auxiliary please have them stop by or call the Grand Rapids Police Department for more details and pick up an application.

Remember, with the nice weather comes more people out and about walking, running, biking and motorcycling. Bicyclists are reminded to obey all traffic laws while traveling the roadways of the town, including stopping for stop signs. Motorists should be extra careful when traveling the roadways, watching for bicyclists, motorcyclists and pedestrians.

Why is it safer to walk on the same side of the road as oncoming traffic, while cyclists are advised to go with the flow of traffic? If traffic approaches you from behind while you are walking, you have only your ears to rely on to know it is coming. If it is coming from in front of you, you have both your eyes and your ears to help you know to move off to the side. If you are walking in the early morning or late afternoon, it is even more concerning if drivers have the low-lying sun in their eyes as they approach you. You need to be vigilant.

Avoid the dangers of distracted walking - keep your eyes ahead and looking for vehicles, not on your mobile phone. If you are walking at dawn, dusk, or after dark it is even more important to walk facing traffic and to wear reflective clothing.

When mowing ditches and near roadways, make sure mower shoots are down so people and vehicles don't get hit by flying objects. Obey the speed limits and keep it safe for everyone enjoying the great Wisconsin outdoors.

In addition, I want to remind everyone to make sure their dogs are properly licensed with the town. We receive numerous complaints throughout the year regarding dogs running at large. Make sure you keep your pets properly restrained to prevent them from wandering off. By doing so, it will insure a safer community for all residents and their pets.

Once again, if you have any questions or concerns, please stop in and see us. My door is always open and I welcome everyone's feedback.

From all of us at the Grand Rapids Police Department, we hope you have a safe and enjoyable summer.

BICYCLE LICENSES/REGISTRATION: Town Ordinance #17 makes it unlawful for any person to operate a bicycle upon any street in Grand Rapids unless the bicycle is registered. There is a onetime registration fee of \$5.00 from the date of issuance providing the said bicycle remains with the registered owner. Please register your bicycles so we can more readily identify the owner if the bicycle does come up missing. The Town of Grand Rapids recovers numerous abandoned bicycles throughout the year. It makes it nearly impossible to identify the rightful owner when the bicycle is not registered as required by town ordinance. The GRPD will be increasing enforcement of this ordinance in 2017 in hopes of being able to return recovered bicycles to their rightful owner.

*All town ordinances can be found on the Town of Grand Rapids website at: <http://www.townofgrandrapids.org>

WILD PARSNIP

Wild parsnip is becoming a concern in our area because humans can develop a severe skin irritation from contact with sap from the plant. During late spring to mid-summer, wild parsnip is one of the most visible yellow-flowered weeds in roadside ditches, along railroad tracks, and on many residential properties.

How to Avoid Wild Parsnip Burns:

1. Become familiar with the wild parsnip plant and know it by sight.
2. Teach children to recognize wild parsnip.
3. Teach children of the potential danger of poisonous plants.
4. Discourage children from picking wild flowers.
5. When working around wild parsnip wear goggles, rubber gloves, rubber boots and coveralls. Thoroughly wash boots and gloves with soap, water and a scrub brush before taking off your protective clothing.

Please check out Wood County's website for more information on wild parsnip in the coming months.
