

Recycling Plastic Bags and Film

May 30, 2014

Many people know that shopping bags can be recycled. Far fewer are aware that other household plastic wrap - like plastic newspaper bags, produce bags, stretch film around furniture or electronics, plastic packaging on paper products, dry cleaning bags and more - can be used again.

Check out our Plastic Film Recycling Information and Plastic Film Recyclings Locations documents under the Recycling and Solid Waste tab or the DNR website <http://dnr.wi.gov/topic/recycling/bags.html> that has information on what types of plastic bags and film can be recycled and what kinds, currently, cannot
